PROFESSIONAL LINE SUPPLEMENTS

BCAA XPLODE POWDER Food supplement in powder, containing branched chain amino acids complex with L-glutamine and vitamin B6. With sweeteners. A composition of high quality branched chain amino acids (L-leucine, L-valine, L-isoleucine) in proportion of 2:1:1, enriched with L-glutamine and vitamin B6, that contributes to the reduction of tiredness and fatigue. The product is designed especially for active people and sportsmen. **Recommended use:** take 1-2 portions a day – before a meal or training and after training or before sleep. Add 1 portion (10 g of powder = 1 scoop) to 200 ml of water. Consume directly after preparation. Do not exceed the recommended daily dose. Food supplements should not be used as a substitute for a varied and balanced diet. A varied and balanced diet and a healthy lifestyle are recommended. Keep out of reach of children. **Warning:** not recommended for children, pregnant or lactating women. The sediment may occur, which does not affect the quality and effect of the product. **Ingredients:** free BCAA amino acids (L-leucine, L-valine, L-isoleucine), acidity regulators – citric acid, sodium citrates; L-glutamine, flavourings, thickener – gum arabic; colour – E 150d (for xplosive cola flavour); sweeteners – acesulfame K, sucralose; anti-caking agents – calcium phosphates, silicon dioxide; emulsifier – lecithins (from soy); pyridoxine hydrochloride (vit. B6), colours: carotenes (A), carmine (B), riboflavins (C), E 150c (D), E 150d (E), E 133 (F), patent blue V (G), indigo carmine (H), chlorophylls and chlorophyllins (I), curcumin (J), anthocyanins (K), paprika extract (L), betanin (M), vegetable carbon (N). (A)-(Z) – Depending on the flavour of the product for ingredients used see symbols (A-Z) beside for the date of minimum durability. Manufactured on a production site that uses derivatives of milk, eggs, soy, nuts, peanuts, cereals containing gluten, fish, crustaceans, molluscs.
