Collagen INNOVUM
beauty

2000 µg biotin
25 ml

Collagen INNOVUM beauty Food supplement in a liquid form in ampoules. With sweeteners. Orange flavour.

The product contains a well absorbed collagen hydrolysate. Collagen is the most common protein in the human body where it supports integrity of many tissues, such as the skin (J Biol Chem. 2002 Feb 8;277(6):4223-31). It is also a source of peptides, free amino acids which are the fundamental Components of peptides (J Cosmet Dermatol. 2017 Dec;16(4):520-526). Collagen is also a component of hair (J Ultrastruct Res. 1969 Nov;29(3):210).

Hydrolyzed collagen is composed of short peptides and amino acids that are important for maintaining the integrity of extracellular matrix and has the capacity in retaining water (Dermatology. 2012 Jul 1;40(3):253-258).

Biotin helps maintain normal hair, skin and mucous membranes. Zinc plays a role in the proper synthesis of DNA, contributes to the maintenance of normal hair, nails and skin, as well as to the metabolism of vitamin A. Vitamin A helps to maintain normal skin and contributes to maintaining the proper condition of mucous membranes. Niacinamide, zinc, pantothenic acid and biotin are important for maintaining the integrity of extracellular matrix and the reduction of tiredness and fatigue. Vitamin B12 has a role in the process of cell division.

The product is intended for people aiming to maintain a beautiful appearance and normal condition of skin, hair and nails.

Recommended use: 1 ampoule (25 ml) once a day, after a meal. Shake before use. Do not exceed the recommended daily dose. Food supplements should not be used as a substitute for a varied and balanced diet. A varied and balanced diet and a healthy lifestyle are recommended. Keep out of reach of children.

Warning: It is not recommended for children, pregnant or breastfeeding women and in the case of hypersensitivity to any of the ingredients.

Ingredients: water, reconstituted apple juice from apple juice concentrate (20%), collagen hydrolysate, citric acid, sodium citrate, zinc, niacinamide – niacin, sodium bisulfite, zinc, nicotinamide, acid, salt, sweeteners – acetylglucosamine, sucralose, calcium D-pantothenate – pantothenic acid, retinyl palmitate – vit. A, pyridoxine hydrochloride – vit. B6, riboflavin – vit. B2.
