ZINXAVir™ Immuno

Food supplement

The taste is characteristic of the ingredients used, and a large portion of zinc reduces the sensitivity to the taste sensations of the flavor and aromas of the product. With the intake of the next tablet in the following days of supplementation, the taste is better tolerated.

Food supplements should not be used as a substitute for a varied and balanced diet. A varied and balanced diet and a healthy lifestyle are recommended.

Ingredients: glucose, zinc gluconate, bulking agent - cellulose, zinc disphosphate (zinc amino acid chelate Albion™), flavourings, stabiliser - polyethylene glycol, anti-caking agents - magnesium salts of fatty acids, silicon dioxide, sweeteners - steviol glycosides, sucralose, acesulfame K.

Nutrition information 1 tablet

Zinc 15 mg (150%*)

**NRV - nutrient reference value.
